

Adult Mentor Overview:

Adult women will have the opportunity during the 2017-2018 school year to mentor a high school student. They will meet once a month from September 2017 through May 2018. Participants will grow together as they study scripture and share how God is at work in their lives. They will have opportunities to attend scheduled Mentor Program Fellowships and plan their own specific times to meet outside of church.

Placement:

The student ministry team will match each high school student with an adult mentor based upon prayer and the personality profile component of the application.
